**Attachments:** Response to ORD Comments at Chemours Washington Works Study.docx; WV-OH PFOA GenX Manuscript 02-11-19 JAW edits.docx

Hi Kevin,

Please do not forward these comments, but I would like you to read them (both in the paper and the e-mail below) when you have time. Roger already reviewed the paper.

Have a good day,  
Jenny

**Subject:** Comments on Lindstrom and Strynar's PFOA/GenX Pollution in Ohio and West Virginia Paper

Hi Chris,

## Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

I have embedded my comments in the paper and I also attached Roger Reinhart's comments (he works on the 1431 SDWA Order for Region 3, I work on it for Region 5) in a separate document.

Ex. 5 Deliberative Process (DP)

## Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

It is important to note that we picked the GenX sampling sites, Chemours did not. Just so you know, solutions to Roger's comments are not present in the version of the paper I read and what I consider to:

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) Thus, if someone thought these issues were being worked out, they have not been yet.

Also, another important note is this paper Ex. 5 Deliberative Process (DP) which I believe was shared with Andy Lindstrom, but I have to check my e-mail. If he didn't receive the data itself, we at a minimum mentioned it to him. That

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) and I also put notes in the paper for that. I will caution that he is not allowed to cite addresses of any of our data as that is considered Personally Identifiable Information and cannot be used, but he could make statements such as PFOA has been detected approximately 32 kilometers away from the Facility.

Finally, when Roger, Kevin, and I spoke on the phone with Andy months ago, we indicated that a lot of the items he is looking into are known and, I believe Roger said, they are publicly available. You will see comments addressing these issues in the paper as well.

If you have any questions, please let me know. I will be in classes for the Mid-Level Leadership Development Program Tuesday through Thursday this week, so I may not be able to get back to you until Friday. If you need a response before then, please don't hesitate to ask.

Thank you and I hope you are both having a good weekend,  
Jenny
